We had many applications this year! Y6 members read through them all and selected the new team for this year! We also recruited a fantastic, responsible group of ambassadors.

The Eco-Committee and ambassadors have been presented with their new badges. Now everyone in the school community can easily identify who we are when putting forward any suggestions to help improve our school.

We carried out the Environmental Review which informed us of our action points!

6 Action plan

We put our action points into our eco action plan. Soon to be shared with whole school community - watch this space!
